2014 – 2015 Mentoring Groups are Underway!

We have several mentoring groups that have started this fall. We have added 3 new locations this year: one at the Butler YMCA one in the Slippery Rock area and one in the Sandy Lake area. We also continue our services with the Butler School District PAR program, Specialty Outreach Services as well as other community organizations and the faith based community.

Teenagers who participate in C2T's mentoring services are from all walks of life. We have students who are preparing to enter college and some who are still deciding what direction they want to take in life. Our mentors help them to be prepared, set goals, develop a work ethic and learn to become independent.

We welcome our newest mentors: Monica O'Donnell, Gina Dluhos, LaDawn Vankirk, Dave Piatek and Adam Devine. Thank you for volunteering to make a difference in a young person's future!

Recruiting Volunteers!

At C2T, mentoring is more than an adult teaching something or lecturing to a young person. It is a rewarding experience in which two people form a bond; help each other; teach, support, and guide each other; and impact each other's lives. Participating teens and young adults want to be heard, to share their stories, and to know someone who cares is listening. If you are interested in becoming a C2T Mentor, please call 724-431-6025 or visit our website for additional details.
